### **Client – Volker-Fitzpatrick for Network Rail**

Through a rigorous tendering procedure we successfully won this contract with Fitzpatrick Rail for Network Rail/Alstom. To supply rail maintenance facility including structural foundations to drainage and external concrete works. The specification of finish is to fine tolerances and attention to detail is paramount. A good working relationship has again proved a good quality site is handed back on time and within budget. We are now negotiating further contracts with Volker-Fitzpatrick and the Group.
